

About Bright School

The Bright School was founded in 1913 by progressive educator Mary G. Bright and currently enrolls about 350 students from junior preschool age 3yrs. to fifth grade. From junior preschool through the elementary years, our school provides a seamless transition from grade to grade, each year building upon each other to prepare graduates for middle school and beyond. The majority of our graduates continue on to the best middle and high schools in Chattanooga and later to college. Our curriculum and activities are a blend of the hands-on and personalized learning upon which Miss Bright built her school and innovative practices of today that nurture and challenge students.

Our Mission The Bright School builds a foundation upon which students become wise and compassionate citizens of the world. Its century of progress fosters the intellectual, artistic, physical, and moral growth of young boys and girls.

Bright Afternoons is an extended day program available to all grades. JPK and PK students begin Bright Afternoons at 1 p.m., and the other grades join after 3 p.m. Bright Afternoons lasts until 6 p.m. Special Bright Afternoons sessions are made available on selected half days throughout the year. JPK and PK students have a nap or quiet time after 1 p.m. All students receive a snack when they arrive. Bright Afternoons staff oversee students in groups by grade.
